

MOTIVATION BOOST

Kick-start the new season with the new exclusive Motivation Boost programme. 🍌

Designed to **effectively target adipose and fibrous cellulite**, this programme works deep down to break down localised fat deposits, soften the tissues and **visibly smooth the appearance of the skin**. A true moment of well-being, **it combines effectiveness with relaxation**.

This programme primarily targets **the buttocks and thighs**, whilst helping to improve **the firmness and tone of the entire figure**.

👉 Wellbox technology® **stimulates the adipocytes, or fat cells, in our hypodermis**. This action promotes the breakdown of fat deposits and reduces cellulite. At the same time, the treatment head **stimulates blood and lymphatic circulation**, helping to eliminate toxins and improve tissue quality. The **“light Legs”** part is ideal for promoting drainage, reducing water retention and **providing a pleasant feeling of lightness**.

Treat your body to a comprehensive programme to restore visibly more beautiful skin and say goodbye to cellulite.

ANTI-CELLULITE & FIRMING GOAL

Type of care: body

Duration: 30 minutes

Recommended treatment plan: 3 days a week for 8 weeks

PROGRAMME CONTENT

Cellulite
buttocks 6'

Cellulite
